

# **2009 USAT Referee Seminar**

**March 20, 2009**

**Conference Room 203 University Center (Continuing Education Wing)  
University of Montana Missoula**

**10:00 am to 5:00 p.m. Registration from 10-10:30 a.m.**

**Cost: \$60**

The new rules of Taekwondo offer more changes than at any time in the past 30 years. Understanding the new rules will be absolutely crucial to developing the competitor strategies necessary to successful Taekwondo competition. This seminar, then, will be a key for referees, judges, coaches, and competitors to understand and develop successful implementation of the new rules. The seminar will be presented by one of the few US Senior International Referees who was recently trained in the new rules by the WTF, and will include sample "hands-on" training with electronic hogul for familiarization with the difficulties and opportunities of using and training with the new equipment.

Registration will be at the door. Participants must be members of the USAT or may purchase a one-day USAT membership. This seminar will permit national certification for qualified referees and judges, and well as credit to upgrades or advancements in recognized referee certification in the United States.
